Subject: FW: Prescription Drug Overdose Symposium - Registration Brochure - Please distribute

I am forwarding this to some members of the Safety Seekers Coalition & some Akron Health Dept. staff who may be interested in what may soon become a *hot topic* as far as death rates are concerned!

I was in Columbus for my annual project meeting and they (ODH) mentioned prescription drug overdoses for the **third** time in about a year. Deaths caused by drug poisoning are climbing and surpassing other causes of unintentional injuries and deaths. The death rates in Ohio are surpassing the national average. The highest risk group currently is middle aged men. There will be a symposium (*Epidemic of Prescription Drug Overdoses: A Call to Action*) in Columbus to begin addressing this issue on **July 29th**. There is no charge but you have to register by **July 10th**. Registration is open to the first 200 people who register. I can't attend because I have a Safety Seekers event. However, **I think we could have representation from Summit County.**

Please see 1st attachment for more information and to register for this symposium. If you can attend you may want to respond to everyone who received this e-mail in case carpooling is an option. Feel free to forward this to others who may be interested in this. Also, please let me know if you can go. Thank You! ...Karla Wilkinson

Hello Project Directors,

I really enjoyed meeting you yesterday and hearing all the wonderful things you are doing in your programs. Attached are the registration brochure for the July 29th Symposium on Prescription Drug Overdoses and an updated project information list you requested.

Questions about the symposium should be directed to Judi Moseley, judi.moseley@odh.ohio.gov. Completed registrations should be faxed (614-564-2409) or emailed to Trina Dickerson at trina.dickerson@odh.ohio.gov.

Have a wonderful week.

Gwen Stacy
